

## SensoCrete Water Meter

**Best for mobile applications, due to the following benefits:**

- ➔ Light weight: 1.37 KG / 3 LB
- ➔ Detects dribbling by detecting slow continuous flow
- ➔ Hot water compatible, temperature range -20~85C/-4~185F
- ➔ Smart processor: prevents false triggering caused by truck/water movement
- ➔ Electronic overload protection
- ➔ Protected outputs
- ➔ Positive/negative open collector output
- ➔ Pulse output is 2 microseconds width
- ➔ Flow range: 3~40 GPM / 13.2~176 LPM
- ➔ 8 to 24 VDC
- ➔ Model # 2100 (3/4 inch)  
Model # 2120 (5/8 inch, for admixtures)
